

WANTED: Youth Coaches

Our programs rely on the support and contributions of our volunteer coaches. Volunteer coaches receive a coach's credit towards registration of their children for programs. This means that coaches may have their child participate in a sport for no fee. All volunteer coaches are certified through National Youth Sports Coaches Association prior to participating in any practices or games. All coaches must also pass a thorough background check as well.

If you are interested in coaching please call Brian at 938-3550 or Erin at 938-8896 for more information!

All trainings are supplied by the Youth Sports Office for new and returning coaches.
All West Point Youth Sports coaches are NYSCA certified. West Point Youth Sports is dedicated to providing the highest level of positive and developmentally appropriate experiences for our children. NYSCA gives coaches the tools they need to be a positive role models, guide beginning sport development and provide a safe and nurturing environment for all participants.
